Parts 10 Years
Labour 1 Year

FEATURES

Country of Manufacture:

UK

Twin Tank System

Soft water can be supplied all hours of the day with more than enough capacity to supply softened water to a large family.

Non-Electric

With no timers, motors, adjustments or complicated programming, the only cost involved is replenishing the salt.

Metered Regeneration

Displacement meters allow the softener to regenerate with absolute accuracy.

Twin Parallel Cylinder System

Delivers high flow rates with minimal pressure loss.
